NFCCS Regional Council To Meet Here This Weekend

NFCCS host delegates l to r: Paul Kane, Jack Kingston, Pat Rousseau, Dan McCarthy and Carol Carell.

This weekend, October 7-9, St. Michael's and Trinity College will be hosts to the New England Regional NFCCS for their Fall Council meeting. Twenty-four colleges from the New England area will be represented along with the chairmen of the nine regional commissions as, for the first time in St. Michael's history, the campus has been chosen as the site for a Council meeting.

The program of activities starts Friday evening at Trinity College. Registration, meetings of various administrative committees and a general "get-together" of delegates compose the agenda. A very busy Saturday will begin with Mass for all delegates at Trinity and St. Michael's.

Following breakfast, the first plenary session will be held at Trinity from 9:00 - 11:15 a.m. Lunch at St. Michael's will precede the second plenary session, scheduled here from 1:00 - 4:00 p.m.

Saturday evening the delegates will partake in social activities, including a dance, which will provide a welcome respite from the mechanics and problems concerned with the meeting for a few hours.

Sunday morning Mass will be said in the chapel at 8 a.m. and a Communion breakfast will follow. From 10 a.m. - 1 p.m. the final plenary session will conclude the Council's Fall meeting.

St. Michael's will be represented by five students at this meeting. The delegates are Paul Kane, senior delegate, John Kingston and Dan McCarthy. In addition, Bill Willig, Student Government Commission chairman, and Ray Donlin, a member of the New England Region Executive Committee, will also be in attendance and participate in the activities.

There are many purposes for this NFCCS Fall Council meeting. Among them are: (1) an orientation program for new delegates; (2) making plans for the year's activities; (3) outlining the Regional Congress to be held next spring; (4) appointing committees; and (5) enacting

(Continued on page 5)

Big Communion Breakfast Set For Sunday

A Communion Breakfast will be held jointly by the Mission Crusade and the Sodality on Sunday. The Breakfast will be at 9:00 following the 8:00 Mass. The price is one dollar. Alumni, NFCCS Delegates and students will be attending.

Dr. Henry Fairbanks will act as toastmaster and will introduce Dr. Catherine McSweeney of Burlington as guest speaker.

Dr. McSweeney has practiced medicine in Burlington for 25 years. During this period the doctor has gained recognition as an outstanding Catholic action worker. Dr. McSweeney has toured various parts of the world and this past year vacationed in Spain.

Dr. McSweeney's earlier educational background is unusual in that before graduating from the University of Vermont's School of Medicine, she received a Master's degree in English at Columbia University.

Dr. McSweeney is a member of a family of doctors. Her

Alumni Awards To Be Made At Dinner Dance

Awards to three prominent alumni at the annual Homecoming dinner and a dance to follow with music by the Arabian Knights will be the features tomorrow night at Oakledge Manor.

William P. Geary, graduate of '35, and manager of TV station WMTG in Pittsfield, Mass.; Dr. J. Barron Clancy, '40, of Albany, N.Y., and Atty. Joseph C. McNeil of Burlington will be the three award winners, according to the Very Rev. Francis E. Moriarty, S.S.E., president of the college.

McNeil, well-known Burlington attorney and part time faculty member, as retiring president of the Alumni Association, receives his award because of his past office. Geary, also past president of the Alumni Association, and Dr. Clancy, coroner's physician in Albany since 1943, both receive their awards because of long and faithful service to the college.

Geary, a member of the Class of '35, is general manager of the TV station on Mt. Greylock, formal program director of WBRK in Pittsfield and former president and director of the Pittsfield Town Players.

He served for six years as an information specialist with the Department of Defense and was former assistant general manager of the El Paso, Texas, Chamber of Commerce.

Dr. Clancy received his medical degree from Georgetown University in 1953 and served with the U.S. Army, part of the time in Germany. He entered private practice in 1947 and was appointed to the staffs of St. Peter's and Memorial Hospitals in Albany.

Atty. McNeil, former Chittenden County Municipal Judge and Business Law instructor at St. Michael's, graduated from the college in 1942. He earned his law degree from Boston College Law School in 1943 after his military service was over.

One of the many features of the annual Homecoming Weekend, the dinner at Oakledge at 7 p.m., will be followed by a dance with music by the college dance band, the Arabian Knights.

TIME MARCHES ON I

In case any of our alumni should be wondering what has happened to their old chem lab - College Hall No. 46 of late - it was divided into two classrooms this summer. They are now numbered C.H. 44 and 46.

TOM McNAMARA '48 NEW ALUMNI HEAD

In an exclusive pre-publication release to the "Michaelman", the office of the Alumni Secretary disclosed that the results of an alumni-wide election has selected as new Association president Thomas H. McNamara, '48, of Cambridge, Mass.

Thomas McNamara, '48, new National Alumni President.

In succeeding the former president, Atty. J.C. McNeil of Burlington, Mr. McNamara moves up from the office of vice-president, which he has held for the past year.

Election to the presidency carries with it a term of one year and the duties involved in the coordinating and directing of alumni activities. The influence of the new president extends to the largest association in the college's history.

A native of Waltham, Mass., Mr. McNamara came to St. Michael's in 1944 and immediately set about to distinguish himself on the campus. His freshman and sophomore years saw him as an able member of the debating team, and in his junior year he served as vice-president of that club. Among his other accomplishments are listed the office of secretary for the Sodality, secretary of the Veterans Club, and senior delegate to and regional president of the National Federation of Catholic College Students.

In connection with this last, it is interesting to note that the faculty adviser to the local N.F.C.C.S. in the year that Mr. McNamara was elected its first New England president was the then Rev. Francis E. Moriarty, S.S.E. Other Edmundites associated with Mr. McNamara during his college days were two classmates, Paul A. Gopaul, S.S.E., then a brother, and John Patrick Crowley.

Mr. McNamara's opponent in the contest was the Rev. Walter T. McNamara, '30, of New York City. No relation to the new president, Fr. McNamara has served the alumni in a presidential capacity on two previous occasions, in 1938 and again in 1939. Both times Father displayed remarkable ability and interest in hard work. An ex-chaplain-colonel during the second world war, he is at present on the staff of the Joseph Kennedy Home for Boys in New York.

(Continued on page 5)

Football And Coffee Hour Occupy Sat.

Alumni and their wives will crowd the Hilltop this weekend as the seventh annual Homecoming swings into high gear. Events are scheduled both on and off campus for the old grads.

FOOTBALL OPENER

On campus, the high point will be the meeting tomorrow at 2 p.m. of the Juniors and Seniors in the opener of the Inter-class football season. These teams played to a 6-6 tie in last year's finale and ended the season tied for the championship.

Coaches of both teams, Bob Caprio and Bob DesRoches, think the game will be so tight that both are hesitant to go out on a limb and predict the winner. One thing is sure, though, both teams will be at their best.

On Sunday, the Sophs face the Freshmen. Here the outcome is also unpredictable, but the Frosh have impressed everyone with their punch in practice.

COFFEE HOUR

After the Saturday game, a coffee hour reception will be held for all Alumni by the Michaelwives, in the college library. Entertainment will be furnished by a group from the Glee Club.

COUNCIL BUDGET PUT AT \$10,616

At this week's Student Council meeting each Club president submitted his budget for the year. President Bredenberg announced that the total Student Council budget is approximately \$10,616.

This amount will be proportionately divided between the various campus clubs. Notification of individual club allotments will be made at next week's meeting.

New Campus Club Moderators Named

Our President, Very Rev. Francis Moriarty, S.S.E., has recently released a list of Moderators for the campus clubs and activities.

Below are the Moderators for 1955-56:

Coordinator, Student Activities
Rev. Gerard Duford, S.S.E.;
Assistant Coordinator-
Mr. Edward Murphy;
Student Council-
Rev. James Coombs, S.S.E.;
The MICHAELMAN & SHIELD-
Mr. John Donoghue;
Knights and Knaves-
Rev. Leon Paulin, S.S.E.;
Dr. Armando Citarella;
N.F.C.C.S.-
Rev. James Coombs, S.S.E.;
Band- Air Force;
Mission Crusade-
Rev. Maurice Boucher, S.S.E.;
Sodality and Confraternity of Christian Doctrine-
Rev. Maurice Boucher, S.S.E.;
Outing Club-
Mr. Joseph Powers;

OUR LOCKED LIBRARY

Educators today universally number the library among the cornerstones of any institution of higher education. Our President, the Very Rev. Francis E. Moriarty, S.S.E., mentioned it two weeks ago in his address at the Mass of the Holy Spirit, officially opening the academic year. He said, "Let the classroom and the library and the chapel be your laboratories."

Still our library runs on the eight-hour day. Thinking perhaps this was common among small colleges, we sent out questionnaires to a group of Catholic colleges with enrollments of from 500 to 1500. Every answer was the same - OPEN AT NIGHT. It seems we walk alone.

Student Council committees have looked into the issue, generally superficially, for the past five years. The most familiar reply given by the administration has been, "We don't have the money this year - maybe next year." Each year the same thing. Each year the same reply. EACH YEAR NO CHANGE.

The activities schedule has been so arranged that almost all organizations and athletic teams practice during the day. Consequently, most students have most of their free study time at night. Yet they cannot enter the library for material.

Every year we pay thousands for the physical improvement of those participating in our interclass and inter-collegiate athletic program. In the light of this it seems unfortunate that the library budget cannot be expanded for those interested in mental improvement.

We would propose that the library be left open at noon. This could be done with little extra cost by staggering the lunch hours of the staff. We would propose that the library also be opened two nights a week until 9:00.

With the proviso that no books be taken out at night, student help (obtained by a scholarship) could be utilized. The student aide would function as a sort of overseer. Now students working on term papers, looking for source material and compiling bibliographies would have the material available to work on for three straight hours.

And what of the cost involved? This is one area where we will have to assume - no authority wanted to say what the cost-per-hour was. Assuming it costs \$5.00 per hour for heat, light and help, opening the library six noons and two nights a week would cost \$1,800 for 30 weeks - the college year; hardly enough to unbalance the entire college budget it would seem.

This issue is of vital concern to every STUDENT - and here we use student in the strict sense of the word - Joe College and the rah rah boys aren't concerned. This education problem isn't something which can be pushed into an eight-hour day.

Faculty members have expressed a desire to see the library open at night; student leaders have argued for it; Student Council committees have discussed it.

With this solid backing from these factions, it would seem that the administration must necessarily decide it is time IT were concerned also.

The Real Michaelman Spirit

The Communion Mass and Breakfast, held on Sunday last by the Junior Class was in the best of the St. Michael's traditions. The fine attendance was a credit to both the class and the committee in charge. To a man, the Juniors were pleased by the personal concern Frs. D'Agostino and Martel showed for them. This sort of thing should be encouraged. We can think of no better way for any group to officially open their activities for the year, than by putting first things first, as this class did.

THE MAILBOX

Dear Sir:

I do not wish to gripe, or even question the policy of the administration concerning the matter I am about to bring to your attention. On the contrary, it is with concern for my fellow students that I am writing this letter.

I was under the impression that the College Snack Bar is, and always has been, a non-profit organization. Although most of the prices there are reasonable, I still can't help but think that a frappe should only cost 20¢ and a cup of coffee (not enough coffee to fill two shot-glasses) should go for a nickel. The prices at the grill seem somewhat steep also, for a College Snack Bar, I mean.

Certainly, with all the business given to that place by over 500 resident students, it must show a profit of some sort.

If those prices which are the same as the prices of a downtown profit-making organization could be slashed to better suit the limited budget of the average student, I'm sure we'd all spend more time enjoying the restful atmosphere of our Snack Bar.

If coffee were five cents, I for one, would drop in twice as often. But for a dime a throw I'll stick to water!

Signed,
Sometime Patron

To the editor

Arise, Michaelmen, harken to the cause! Once again the time has come to sally forth bearing proudly Michael's lance, (the Purple Shaft). What ho! We have a cause, a sacred trust. We children of integration have been grievously wronged.

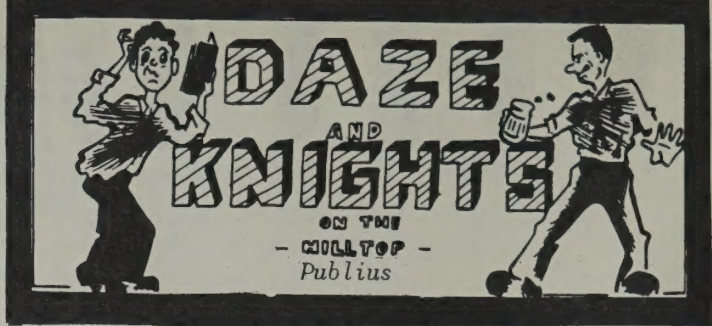

The villain? Hedera Helix, the well-known climbing woody vine, commonly called IVY. His lair? Our own Georgian-Gothic campus, Old Hall, Science Hall, Ryan Hall, and College Hall. His infiltration has been thorough and sure.

His invasion puts us at the Rubicon of this half-century old institution. Shall we capitulate to this creeping killer and submit to the inevitable consequences, conventionalism, over-exaggerated tradition, a stereotyped curriculum, conservatism and a host of other evils made manifest in those schools colloquially referred to as "Ivy League," or shall we remain staunch in our individuality, our "Liberty, Fraternity and Equality." I call upon you to preserve all these and our greatest institution, Integration. The question would seem to be one of Integration vs Stagnation.

It is in this spirit that I call upon all Michaelmen to join me in a relentless crusade that shall terminate only when the last futile feeler has been snatched from the Hilltop's sacred bricks, and the last hoary root of this creeping intellectual fungus has been wrested from the earth of our beloved campus.

A Friend.

September 29 is Michaelmas Day, and many things happened on this day in the back pages in history. This is the anniversary of the fateful meeting of Hitler and Mussolini with England's Chamberlain and France's Daladier at Munich in 1938. It was a vain attempt to buy peace at any cost. The world will never forget the lesson that attempt at appeasement taught. It is the feast of Archangel Michael whose name was the war cry of the heavenly battle with Satan and his followers.

Aside from the notion of St. Mike's being the big, happy family that we are all united in, a closer consideration will unveil four definite and clear-cut class distinctions. True, we may develop intellectually and physically as a group but a man-for-man analysis will automatically classify him, characteristically. An appraisal of what a typical freshman is would go something like this:

According to Thomistic Philosophy we must agree that he's a rational animal, although the rational aspect plays a very remote part in his first year.

He's definitely an exhibitionist with most of his early days spent impressing everyone in any way possible usually by his quick fist or his tight-lipped threats..

He's a persecuted being having been torn away from his domineering mother and that sympathetic entity familiarly known as "his doll." As a result he becomes gregarious and engages in unlimited bull sessions displaying his vapid sense of humor or perhaps relating his athletic abilities.

Periodically, he shows his uncouthness by hanging out his window jeering at the sight of any female visitor whether she be six or sixty.

His high school background makes his freshman studies utterly repetitious and he maintains his dogmatic manner of final imprimatur in all arguments.

He never was a gripper but now, due to the irritating environment, he constantly complains until he realizes the futility of it all. Yet he's gullible; gullible enough to believe he's eating turkey when it's just cleverly sauced tuna fish. Gullible enough to cherish the written fidelity of his judas lover.

It sure seems as though our typical freshman isn't such a likable fellow but from experience, we understand him as being a victim of circumstance. We know that this embryo of education with these deceptive inhibitions is gradually being moulded into the promising sophomore whom we will discuss next week

Talent is always running loose around here. John Yula is now taking in washing. He says: "I'll wash everything" and his roommate is till screaming "but not all together, Yogi." For those who care, Jerry Morrissey will be wearing pink-tinted unmentionables the rest of the year!

Many thought that Walt Taylor had joined the House of David over the summer due to that hideous growth he's sporting. The truth of the story is he's got a job posing for holy cards.

There are probably three versions of expressing the desire to go to the library at St. Michael's.

En francais, je vais au bibliotheque.

The Spanish student says: "Yo voy a la libreria."

The realistic American approach; "I can't go to the library because the darn place isn't open when I'm free."

In closing I'd like to include a special request from our Librarian. Will the audacious fellow who uses broiled bacon for bookmarks, leave his hands off the Summa!

LITTLE MAN ON CAMPUS

by Dick Bibler

"Let's see...I got "Incomplete" in Math 215, withdrawn in English II, Conditional in Social Studies and a "D" in Phys Ed...Boy! Thank goodness, I didn't flunk anything this term."

Council Constitution To Be Revised

For the second week in a row the Student Council met last Tuesday night and spent half of the meeting discussing the do's and don't's of parliamentary procedure.

Henrik Bredenberg, president, opened the meeting and introduced Mr. Edward Murphy, faculty member, who was invited to the meeting to present a short talk on the

rules of parliamentary procedure. His talk was informative and interesting and all members of the Council paid rapt attention to the many points made clear by Mr. Murphy.

SOME BUSINESS DONE

During a 50-minute battle of parliamentary wits, Don Cook was allotted, as Outing Club president, the sum of \$90 to cover the expense of the Homecoming dance. Jack Eaton attempted a Club Status Committee report but was interrupted by Henry O'Connor, who pointed out a discrepancy concerning the report which will delay it until next week. Bill Leahy spoke for the Radio Station here on campus and asked that they be allotted \$300 for new equipment. He mentioned the program for the year which has been planned by the station managers. It will include talks by the various department heads.

The requested allotment was not granted but Leahy was advised to secure an itemized report on the budget from WSSE and bring it to next week's meeting.

TO APPOINT OR NOT TO

The parliamentary debate was centered over one main point. Bredenberg had appointed a committee. This he believed to be quite legal under the Council Constitution. A few members of the representative body questioned his move and voiced their opinions on it. An argument ensued as two factions immediately took form amongst the group.

BELLCOURT STOPS IT

Walt Bellcourt finally put the damper on by suggesting that Henry O'Connor, the Council Parliamentarian, fortify himself with the necessary knowledge and/or books on the subject and be prepared to solve future difficulties.

A Constitutional Investigation committee of H. O'Connor, T. Leavitt, R. Bousquet, G. Latimer and D. Wehmeyer, was set-up to investigate the Council Constitution and modify any discrepancies or loopholes. This seemed to please all members of the now tired group.

Bob White was appointed as head of the Bulletin Board committee and a library committee, of Walt Bellcourt, Charles Randall and Tom Sullivan, was set-up to see Fr. Moriarty on the problem of library hours.

Club Status Rules Will Be Changed

The club status rules, drawn up in 1954, are about to be revised. This revision is necessary in order to cover certain loopholes in the existing legislation. The following paragraphs contain the most important changes to be made.

(1) A member of the committee shall be present at all elections to insure that only active members are nominated. Active means that the member has attended 60% of the meetings for the entire year.

(2) The committee with the aid of the outgoing President, shall draw up a schedule for club elections. These elections shall take place not before, but within a week after, class elections. (In past years some club elections have been grossly misgoverned.)

This revision is being done by the Club Status Committee. This is composed of three members, Jack Eaton, Joe Lee, and Dick Bousquet. Eaton is the Chairman of the committee.

Fr. Coombs Council Moderator

Fr. James R. Coombs, S.S.E., has been appointed moderator of the Student Council for the new school year. He succeeds Fr. Duford. As stated in the Constitution of the Student Council, the moderator serves in an advisory capacity. He is consulted on all policies and activities and assists at all Council meetings. He may take part in discussion and all measures are approved by the moderator.

In addition to the Student Council, Father Coombs is Guidance Director, moderator of the NFCCS, moderator of the Sophomore Class and Catholic Chaplain at Ethan Allen Air Force Base. He also teaches a course in Education.

Father Coombs is originally from Brattleboro, Vt., but he now makes his home in Mount Vernon, N.Y. Before entering the Society of Saint Edmund, he was an officer in the navy for five years.

Speaking of this year's Council, Fr. Coombs says that, "they are an enthusiastic group." Most of the members are new, and in the process of learning how the Student Council is run.

When asked for an opinion of the editorial that recently appeared in the MICHAELMAN, Father Coombs said, "the present system of representation is in accordance with the Council Constitution. It is up to the student body to approve or disapprove of these rules. It is a matter of having some members each

Rev. James Coombs, S.S.E., new Student Council Moderator.

year who are familiar with Council procedure. Otherwise there would be a certain amount of needless repetition every year. If the Students would rather have an entirely new Council each year it is their duty to take the proper steps."

We Apologize!

Last week we stated in an article entitled "Something New Has Been Added," that we had women attending classes and teaching here for the first time during a regular session.

Through further investigation on this matter, we discover that during World War II, three Cadet units of girls in the Army Nursing Corps entered the college in February, 1944.

The nurses majored in the Clinical courses which covered subjects in the Science and Chemistry Department. The three units attended the college until the Spring of 1945.

Such is also the case of Miss Thayer, now teaching foreign students here.

Records show that Mrs. Elsa (Keil) Sichel was the first woman member of the faculty. She came to St. Michael's in February, 1943, due to a shortage of men teachers, because of the war. Mrs. Sichel taught Biology and Histology. She ended her teaching here at the end of the summer session of the next year.

McSweeney

Continued from page 1

father, Dr. P.E. McSweeney, was one of the founders of Bishop DeGoesbriand Hospital. Her brother, Dr. Douglas McSweeney, is now practicing in Burlington and her nephew, Douglas McSweeney, Jr., is attending the School of Medicine at the University of Ottawa.

When questioned by the "Michaelman" about her varied background, the doctor stated that she considers herself merely as "an Old Country Doctor," but this modest self-made title is belied by her travels and professional experiences. Dr. McSweeney is considered to be one of the more prominent woman Catholic Actionists in the state.

Buenos Aires Convention, the Institute makes the preliminary recommendations of candidates, with the co-operating countries making the final selection of candidates for study within their borders.

Why do more college men and women smoke
VICEROYS
than any other filter cigarette?

Because only Viceroy gives you 20,000 filter traps in every filter tip, made from a pure natural substance found in delicious fruits and other edibles!

1. Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in any other cigarette.
2. The Viceroy filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarettes. Viceroy pioneered. Started research more than 20 years ago to create the pure and perfect filter.
3. Smokers en masse report that filtered Viceroy's have a finer flavor even than cigarettes without filters. Rich, satisfying, yet pleasantly mild.
4. Viceroy draws so easily that you wouldn't know, without looking, that it even had a filter tip . . . and Viceroy's cost only a penny or two more than cigarettes without filters!

That's why more college men and women smoke VICEROYS than any other filter cigarette . . . that's why VICEROY is the largest-selling filter cigarette in the world!

20,000
Tiny Filter Traps...
plus that Real Tobacco Taste

Seniors vs Juniors In Opener At 2 PM

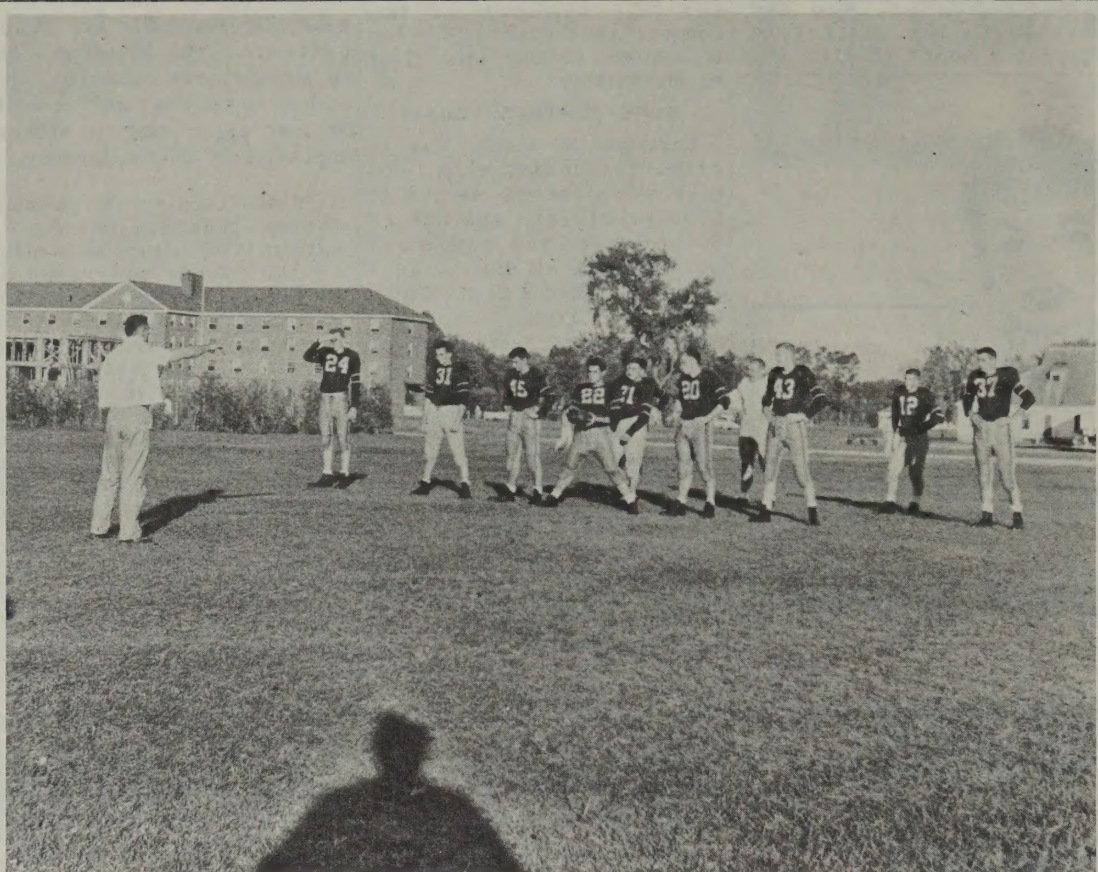

VETERAN TEAM FOR SENIORS

A well balanced line and a backfield that can be what the Juniors must face when they bump helmets with the Class of '56 this afternoon.

Coach Bob DesRoches has an almost intact team from last season's co-champion squad. Four members of the 1955 All Star team are set and ready to go. They include end Tim Foley, tackle Don Cook, quarterback and the leagues leading passer Paul Provasoli, and John Lennon who had the highest average per carry last season as a fullback.

Steve O'Brien has made the move from end to center this year. He will give the line added speed for their quick opening plays. Two newcomers to the squad, Fran Pandiscio and Jack Branon, should take up the slack left by the absence of Paul Palmer and Art Hogan.

From all indications the team will run out of a straight T. Coach DesRoches has remained silent on this point, so perhaps he has something up his sleeve,

Soph Coach, Jack Coffey(Jr.) instructs his men in preparation for the Frosh-Soph football game on Sunday.

Juniors Show Strong Spirit

The Junior Class football team, having the power and the spirit this year, are determined to clinch the championship.

The team in good shape, is responding to frequent practices under the direction of coach Bob Caprio and assistant playing coach Ron Mastroberadino.

This year's squad will include Ray Jacques, leading ground gainer and an All-Star selection. Also in the backfield will be Jack Dwyer and Buddy Mc Collough. In the quarterback slot Jay Tierney will call the signals.

The line will average about one hundred and eighty-five pounds. The positions will be filled as follows: ends; Dino Gennari, Frank Wallace; Tackles Jim Walsh, Chick Hennigan; Guards, Ron Mastroberadino, Jim McCormick; center, Dave Hurley.

Doing the kicking this year will be Dave Hurley. In the safety position, receiving punts and kick-offs, Gerry San Antonio.

SAILORS OPEN SEASON AT MIDDLEBURY, HOME

The St. Michael's College Sailor embark on one of the fullest schedules in the team's history this weekend. The Knight Sailors will crowd eight regattas into the four weekends in October this fall.

The season opens October 8 at Middlebury with the Michaelmen racing against Dartmouth, Middlebury and UVM. Co-Commodore Ed Hughes and Vice-Commodore Charles Lafley will be the two St. Michael's skippers while Jerry Grady and John Haggerty will be the crews.

On Sunday, the sailors will hold their first home meet of the fall at the team's home port at Malletts Bay. Middlebury and UVM will be the opponents.

Ed Hughes and either Tom Arzberger or Dan Murray will be the skippers while Bill Hill and Bud Winn will crew.

George "Doc" Jacobs, director of athletics, spoke to the sailors at Monday's meeting. He cleared up some points of policy and finances that had been in doubt at the beginning of the year. He also explained the exact standing of the club on campus and stressed the responsibility that rested on the team's back when it represented the college at its away regattas.

Co-commodore Marius Peladeau announced that the team's next meeting would be held Monday, October 10, at 4:30 p.m., in Science Hall 107.

LARGE TURNOUT FOR TOURNEY

Over fifty students participated in opening round matches as the annual Fall Tennis Tournament got underway this past Monday.

Tournament Director Tom Schnurr believes this year's turnout to be the largest in the history of the Fall event. Leading the large turnout in number is the Junior class with 23 entries. The Frosh follow with 14, Sophs have 11, and the seniors are represented by only 3.

Many of the entrants are veterans from last year's competition. Schnurr singles out Soph Mike Ward as the brightest prospect in the tourney. Awards will be presented to the finalists at the conclusion of the competition.

Coffey Feels Sophs Better

Prospects are bright this year for a Sophomore team which will be trying to better an 0-2-1 record of last season. Coach Jack Coffey feels this can be done.

A speedy backfield will be led by Tom Sylvester and Ed Cashman. Sylvester, a good passer, will operate at quarterback, and Cashman is set at a halfback spot. He was the lone all-star from last year's Frosh team. Paul Olen-drowicz is expected to help out considerably with his fine punting.

Up front guards, Bill O'Reilly and Frank Finnigan have been impressive. Extra point kicker Jim Breagy has shown up well at tackle. Coffey indicated that the rest of the squad is rounding into form and everyone will see plenty of action. Scrimmages this week should decide who will be at the starting posts tomorrow.

The Sophs will work out of the T formation. A good passing attack will balance an array of breakaway runners. Coffey's line will make up in speed what they lack in weight.

RICHARD BASEHART - PHYLLIS KIRK

Sportscoop By Jack Thompson

ALUMNI WELCOME HOME ... We of the MICHAELMAN Sports staff welcome one and all to our annual Homecoming Week-end. We trust your stay, though brief, may be filled with warm and jovial memories of days gone by. This afternoon you will be treated and feted, at our opening inter-class football game. Principals in this encounter are the Juniors and the Seniors. Last season the two teams battled to a 6-6 tie. Final standings in the league ended in the same manner. When Xmas vacation rolled around second-guessers were still racking their brains as to who was the mythical Champ. After three quarters play the Seniors seemed to have it wrapped up. But in the final quarter it was all Junior. Reaching into a bagful of tricks they marched up and down the gridiron. They registered once and seemed on their way for another when time ran out. This is only speculation and anything could have happened, it was that kind of a day ... Today may prove as interesting.

We wonder if Brooklyn will be represented this week-end. Seems that illustrious borough is having some sort of celebration. Next year has finally arrived. It was a long time in coming but then it's a little sweeter that way. It is our hope that one of the real heroes in this victory is not forgotten. The gentleman referred to is Branch Rickey, now of the Pittsburgh Pirate organization. Without Mr. Rickey, the Bums would have been playing with half a team this week. Call him a sound baseball man or a great emancipator, he should be remembered. His revolutionary decision of 1947 could serve as a lesson to us all. Baseball has come a long way since then - and so has the baseball public.

Sporting It ... Alumni fans should note that collegiate rules are observed in the Interclass games. The kick-off however has been eliminated. If you are in the vicinity Sunday, drop around for the Soph-Froshtilt. Seems the Frosh are loaded this season ... Bill Kuchar and Ray Flynn are hunting for some Hill and Dale boys. Anyone interested should contact either one of the two. Notre Dame fans are still smiling. One authority warns them not to under-estimate Miami...Mr. Dodger on Campus, "T-Bar" O'Neill will take in some of the festivities this week-end. He called it back in April...Father Lanoue is hunting for a suitable golfing partner. His last "victim" was a mite too easy to make it interesting. One last word on the Series...Cards of sympathy may be addressed to Russ Gangi, Ryan I. Might we add that Russ took it like a real Yankee...

FROSH FIELD STARRY TEAM

After watching the Freshman football team practice this past week, several Michaelmen have spread the news around campus that this is the team to watch this season.

Many former high school stars have made a big impression on coach Jerry Cronan. They will be on the gridiron Sunday battling the Sophomores for their initial win.

The team will include: Bill Stalworth, former captain and quarterback of the R.B. Hudson High eleven, runners-up in the Alabama State Tournament. Five Worcester County boys on the team are: Don Lamoureux who holds down center. He captained the Holy Cross freshman team last year. Jim McNally, a teammate of Lamoureux's, will be in the backfield. Bob Senecal, a fullback, who captained St. Peter's City champs last year. John Dattis and Jimmy Caforelli complete the Worcester County contingent.

From New York comes Hank Jarvis, a guard and former captain of Cardinal Mindszenty football and baseball squads. A powerful and rugged tackle who answers to the name of Neal Fisk hails from Grett Neck, L.I. Neil Shea from Hartford, Conn., will be holding down right end.

The Freshman team will work from the Wing-T formation. Last Saturday at scrimmage the defense looked exceptionally good.

Says Coach Cronan, "We'll be fighting all the way."

legislation.

The Fall Council will be under the capable direction of the region's president, Daniel Flynn, from Holy Cross College. In addition to Holy Cross there will also be delegates attending from:

Albertus Magnus, Annia Maria, Annhurst, Archbishop Cushing, Assumption, Boston Catholic University, College of Our Lady of Mercy, College of Our Lady of The Elms, Emmanuel, Fairfield University, Merrimack, Mount Saint Mary's, Newton College of the Sacred Heart, Notre Dame, Providence, Regis, Rivier, St. Anselm's, St. Joseph College, Salve Regina and Stonehill.

McNamara

(Continued from page 1)

Mr. McNamara brings to his job a wealth of experience stemming from his close association with the interests of the alumni over the course of the past years.

We wish to extend to him our sincere congratulations, and express our confidence that the duties of his new office will be carried out with the same earnestness and integrity which he displayed both as a student and a graduate.

Dan Alfieri, '49, of 61 Heatherdell Rd., Andsley, N.Y., was elected vice-president.

New auditor for the Association is George Maloney, '52, of Spruce Court, Burlington, Vt.

Filling the single director's post for the coming year is Thomas Sheehan, '50 of 66 Ventura St., Springfield, Mass.

SIGN Says Spanish Catholics Fail Church

UNION CITY, N.J. - Spanish Christian capitalists "have the opportunity to determine the future of Spain and they are not doing anything about it," an Irish journalist charges in the leading article of the October issue of The Sign, American Catholic magazine, published here.

The writer, Desmond Fennell, who has spent several years in Spain, concludes a 4,000-word report on "Spain Today" with the declaration that "its problems today are social and educational, not political."

"The Franco regime," he adds, "fascinates and hypnotizes people all over the world and they talk passionately for and against it as if it were what really mattered. The problem of Spain is the problem of a country that yesterday was a Mississippi or an Alabama and wants to be a New York tomorrow and yet doesn't want to... The externals of twentieth-century life are forcing themselves on Spain and are longed for by many Spaniards. Yet education, the social structure, and the mentality of the people are not yet equal to the task of running a modern country -- that is, to getting the most out of modern opportunities with satisfaction for all."

"One of every four Spanish children," Fennell says, "does not attend elementary school, although the law says education is obligatory. High school is still a luxury for the moneyed few. Technical education is wholly inadequate. Industry is cramped and paralyzed by the lack of a broad consumer market."

"It is probably true," he continues, "that if there were more freedom for the economy, the industrialists and financiers would be more enterprising, less hamstrung. But the main cause of the lack of initiative in the business world lies in the industrialists and financiers themselves... they have lost the nerve their fathers and grandfathers had when they created modern Spanish industry. They are only interested in holding onto their wealth and social position, which Franco's victory assured for them."

"The wealthy think better of Spain... than the workers do. The reasons are not hard to find... Franco and his army and police have been effective in keeping order. But they are not proud of the present regime as a political institution nor do they regard it as their own."

"The absence of a feeling of solidarity, of the spirit

of service to the community is one of the most striking and most saddening things in Spain today. These men realize the Spanish economy is cramped for the lack of money in circulation, for the lack of a consumer market. They know most Spaniards have a miserable low standard of living and education. At the same time, they possess the capital and they control production. But they prefer to be secure and produce high-priced goods for a small market than to be enterprising and produce low-priced goods for a wide market...

"These are Christian men, of course, the backbone of Christianity in Spain, they would tell you, and indeed, as Spanish Catholics, the backbone of Catholicism in its fight against the powers of evil. They give 10 percent of their earnings to the poor. What more can the Church ask of them?"

"Really, if they knew, the Church only asks them to be intelligent."

WHAT'S THIS?
For solution see
paragraph at right.

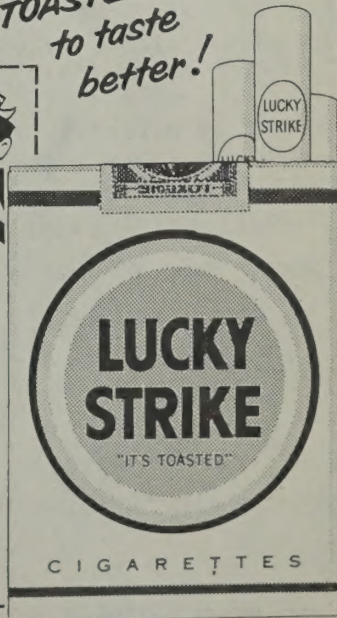

IF YOU'RE UP A TREE about what cigarette to smoke, there's a pleasant point of view in the Droodle at left. It's titled: Davy Crockett enjoying better-tasting Lucky as seen by b'ar in tree. Luckies taste better for a *hatful* of reasons. First of all, Lucky Strike means fine tobacco. Then, that thar tobacco is *toasted*. "*It's Toasted*" —the famous Lucky Strike process— tones up Luckies' light, mild, good-tasting tobacco to make it taste even better... cleaner, fresher, smoother. So set your sights on better taste— light up a Lucky yourself!

Band And Ball In Austin Hall Saturday Night

Saturday night, while the Alumni are being entertained at Oakledge Manor, the Outing Club will sponsor the first student dance of the season in Austin Hall.

The Annual Homecoming dance has become a tradition at the Hilltop. Tickets will be on sale at the door for the dancing from 9-12 p.m. Price of a ticket is \$1.00 for a couple.

Plans have been set up by Ray Geremia and Frank Keane for a date bureau to aid students looking for companionship for the evening. See them for references.

WSSE To Operate Soon

WSSE, the campus radio station, run by the Radio Club and co-managed by Tom Johnson and Fred Blais, will start its third year of broadcasting Monday. The programs will run from 6 to 11 p.m. In addition to the music, news and sports, WSSE plans to return some of last year's old favorites. Such half-hour programs as "This is Miketown," "Here's to Veterans," "The Ave Maria Hour," and "Let's Go To Town," will again be heard. Plus this, Tom and Fred also plan to broadcast the away games. Last year WSSE broadcasted the Golden Gloves Tournament from Burlington. Tom and Fred would like to see all such local events broadcasted this year.

The station has a collection of over 500 records and access to the School Record Library. Students are invited to make requests and bring their own records to be played.

The station can be found at 570 on the dial anywhere on the campus.

The station plans to get better transmitting equipment this year. All their present equipment is homemade.

Michaelmen will be happy to know that, due to the tremendous response, last year's policy of having girl announcers and disc jockeys from Trinity College, will be continued. A larger representation from Trinity is expected this year.

At present there are 50 members in the Radio Club.

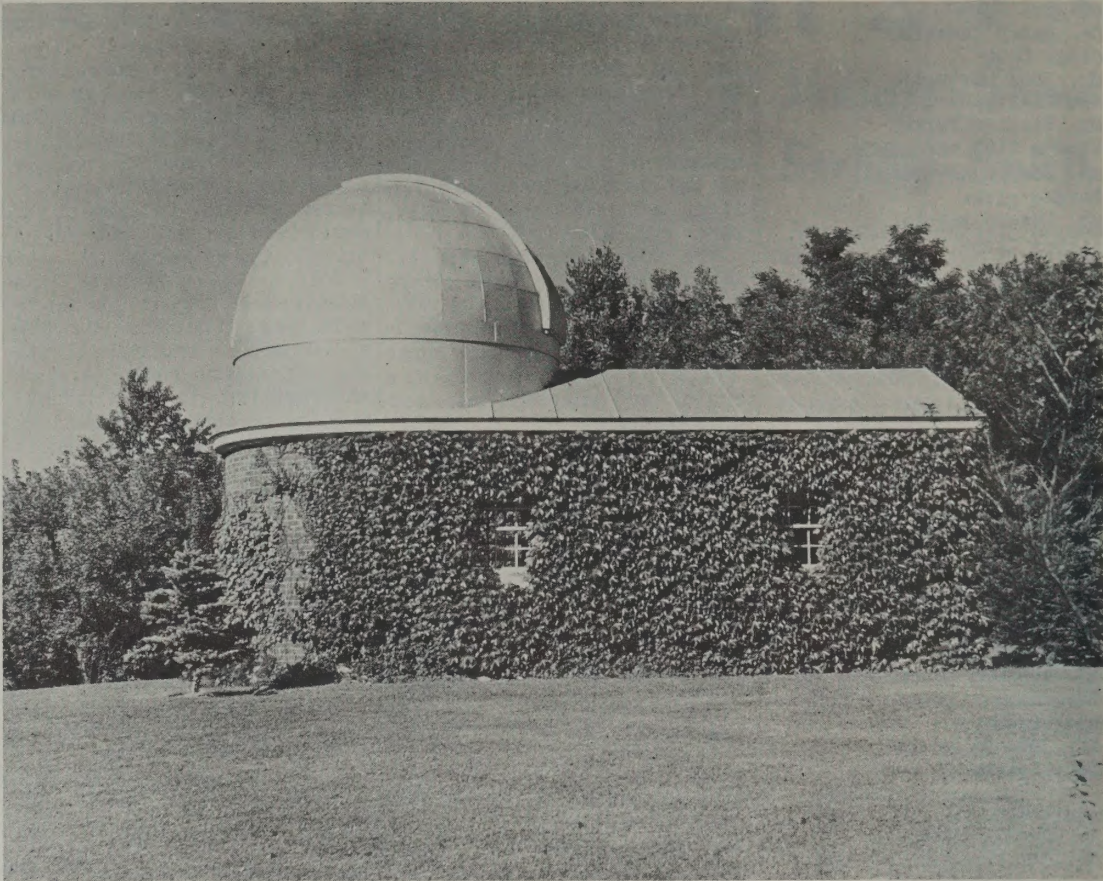

The following is what one would call a successful will:
A merchant who was told that he had only a month to live called in a lawyer to have his will drawn up.
"Fix it so that my overdraft at the bank goes to my wife -- she can explain it," the merchant ordered. "My equity in my car goes to my son -- he will then have to go to work to keep up the payments. Give my good will to the supply houses -- they took some awful chances on me and are entitled to something. My equipment you can give to the junkman -- he has had his eyes on it for several years. I would like six of my creditors to be pallbearers -- they have carried me so long they might as well finish the job."
